

WE'VE MADE SOME CHANGES

To comply with Regulation 517-2014-EC, we've made some changes to the aerosol smoke canisters we have available.

As of **31st December 2017**, manufacturing of Solo A3, Chekkit and Canned Smoke ended.

SOLO A3 REPLACEMENTS

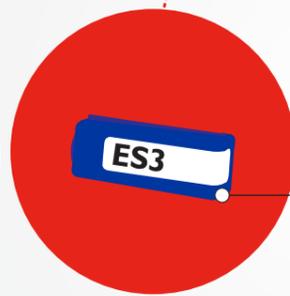

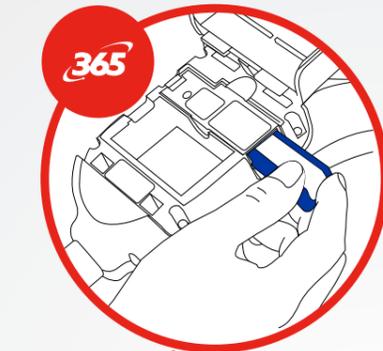

We have two new aerosols – Solo A5 and Solo A10 which can be used in the Solo 330 dispenser. We also have Solo 365, which moves completely away from a reliance on pressurised aerosol canisters.

Solo A5 - An aerosol smoke detector tester for use with Solo 330. (Flammable)

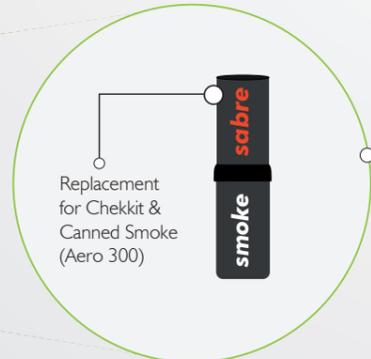

Solo A10/A10S - An aerosol smoke detector tester for use with Solo 330. (Non-Flammable)

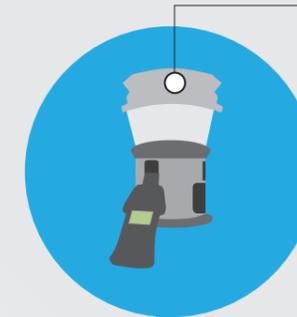

Solo ES3 - A non-pressurised smoke cartridge for use with Solo 365. (Non-Flammable)

CHEKKIT AND CANNED SMOKE REPLACEMENT

SmokeSabre - hand-held smoke aerosol for testing smoke detectors

YOUR SMOKE DETECTOR TESTING PRODUCT CHOICES

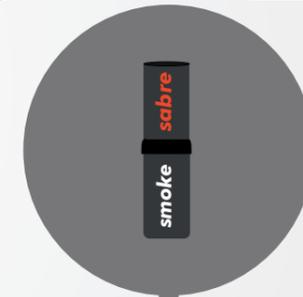

Testifire - The all-in-one test solution for Smoke, Heat and CO

For use with Solo 330

Solo 365 - Innovative smoke detector tester - using non-hazardous, non-pressurised cartridges
